

DOCK DOOR CAMERA KIT - AXIS

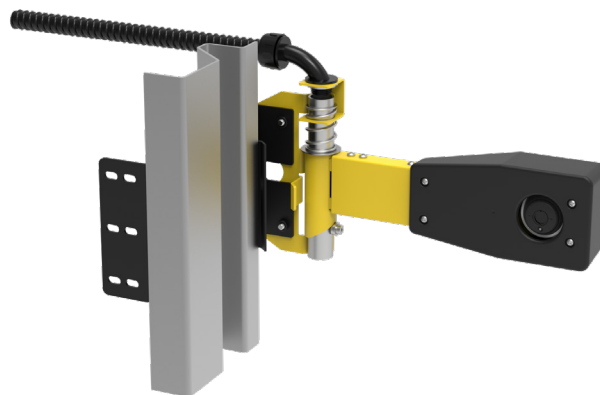

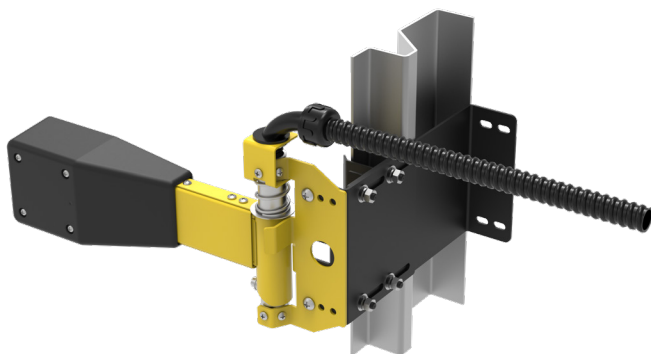

Delivers clear forensic video, day or night, with comprehensive surveillance

The Dock Door Camera Kit, featuring the fully integrated AXIS FA3105 system, delivers reliable, comprehensive surveillance with clear forensic video, even in total darkness. Its bump-triggered auto-reset positioning system and robust commercial-grade construction ensure long-lasting, dependable performance. Designed for versatility, the kit is compatible with most overhead door configurations and includes a flex conduit for cable protection. With a horizontal fov of 103 degrees and a vertical fov of 55 degrees, it provides extensive coverage for a wide range of safety and security monitoring applications.
