REGULATORY NOTICES

Important Safety Information

- Warning:** Use of a non-3Si supplied battery may present a risk of fire, explosion, leakage, or other hazard.
- Don't disassemble, crush, puncture, shred, or otherwise attempt to change the form of your battery.
 - Don't use tools, sharp objects, or excessive force to insert or remove the battery as this can damage the battery.
 - Don't let the device or battery come in contact with liquids. Liquids can get into the device's circuits, leading to corrosion
 - Use with an already tested/certified wall charger.
 - Use approved external antennas/Modèle d'antenne externe agréé:
 - For models AT140704EU and AT140704US use MA303-A.LB.002 or AU-3S-GSM
 - For model AT170503US configured for external antenna use AU-4GS-LTE

Models:
AT140317EU, AT140704EU, AT140720EU, AT160426EU

PRODUCT INFORMATION:

1. Intended Purpose
 This product was designed to provide asset tracking assistance.
2. Product Use Instructions
 This product requires cellular network connectivity with manufacturer's servers. Product configuration is loaded remotely based on customer order. You may need to operate the ON-OFF switch to turn the product on. Review customer specific instructions provided separately with this product.

This product contains CE approved Li-Ion battery. Use only 3Si provided batteries. Use of unauthorized batteries will void Warranty and may cause danger to user.

Note: this product, while operational, should be placed 20 cm (or more) away from human body.

3. Supported Frequencies
 - GSM | GPRS | EDGE: 850, 900, 1800, 1900
 - UMTS | HSPA: 800/850*, 900, AWS1700, 1900, 2100 MHz
 - Beacon: 433.92, 434.05 MHz

* Bands B6 and B12 (800 MHz) are a subset of B5 (850 MHz) and supported as well
4. Output Power
 - Class 4 (2 W, 33 dBm) @ GSM 850 /900
 - Class 1 (1 W, 30 dBm) @ GSM 1800 /1900
 - Class 3 (0.25 W, 24 dBm) @ UMTS
 - Class E2 (0.5 W, 27 dBm) @ EDGE 850 /900
 - Class E2 (0.4 W, 26 dBm) @ EDGE 1800 /1900
 - SRD (10 mW, 10 dBm) @ 433.92, 434.05 MHz

5. Compliance
 This device was assessed as compliant to the essential requirements of the R&TE 1999/5/EC Directive, and verified to meet RED requirements.
6. Accessories
 Use CE approved battery chargers only.

This device complies with the requirements imposed or covered by regulations in Australia.

R-NZ
 Model: AT140317EU
 New Zealand

Model: AT160426US, AT160426US – SLM
 This device complies with California Energy Commission requirements for Battery Charger Systems.

ID: Q6KATI40317A model: AT140317US
 ID: Q6KATI40704A models: AT140704US, AT160426US
 ID: Q6KATI40720A model: AT140720US
 ID: Q6KATI40901A model: AT140901US
 ID: Q6KATI50119A model: AT150119US
 ID: Q6KATI70503A model: AT170503US

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 (1) this device may not cause harmful interference, and
 (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications made to this equipment not expressly approved by 3Si Security System, Inc may void the FCC authorization to operate this equipment.

Radio frequency radiation exposure information:
 This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20 cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other (than provided by 3Si) antenna or transmitter.

This transmitter is authorized by rule under the Low Power Radio Service (47 CFR Part 95) and must not cause harmful interference to TV reception or United States Navy SPASUR installations. You do not need an FCC license to operate this transmitter. This transmitter may only be used to provide: auditory assistance to persons with disabilities, persons who require language translation, or persons in educational settings; health care services to the ill; law enforcement tracking services under agreement with a law enforcement agency; or automated maritime telecommunications system (AMTS) network control communications. Two-way voice communications and all other types of uses not mentioned above are expressly prohibited.

This device may not interfere with TV reception or Federal Government radar.

CERTIFICADOS DE HOMOLOGACION EN MEXICO

Model: AT140317US Número IFETEL: RTISSAT19-0813
 Model: AT140704US Número IFETEL: RTISSAT19-0838

La operación de este equipo está sujeta a las siguientes dos condiciones: (1) es posible que este equipo o dispositivo no cause interferencia perjudicial y (2) este equipo o dispositivo debe aceptar cualquier interferencia, incluyendo la que pueda causar su operación no deseada.

INDUSTRY CANADA

ID: 5043A-AT140317A model: AT140317US
 ID: 5043A-AT140704A models: AT140704US
 ID: 5043A-AT140901A model: AT140901US
 ID: 5043A-AT140704A models: AT140704US, AT160426US
 ID: 5043A-AT170503A model: AT170503US

This device complies with RSS-210 of Industry Canada. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Changes or modifications made to this equipment not expressly approved by 3Si Security System, Inc. may void the IC authorization to operate this equipment.

Toute modification non autorisée par 3Si Security Systems Inc. apportée à cet équipement pourrait entraîner l'annulation de l'autorisation de la IC d'opérer cet équipement.

Radio frequency radiation exposure information:

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20 cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Cet équipement est conforme aux exigences d'exposition aux radiofréquences de la IC pour un environnement non contrôlé. Il devrait être installé et opéré d'une distance minimum de 20 cm entre le radiateur et votre corps. Le transmetteur ne doit pas être situé ou opéré en conjonction avec une autre antenne ou transmetteur.

Antenna Statement

Under Industry Canada regulations, this radio transmitter may only operate using an antenna of a type and maximum (or lesser) gain approved for the transmitter by Industry Canada. To reduce potential radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p.) is not more than that necessary for successful communication.

Conformément à la réglementation d'Industrie Canada, le présent émetteur radio peut fonctionner avec une antenne d'un type et d'un gain maximal (ou inférieur) approuvé pour l'émetteur par Industrie Canada. Dans le but de réduire les risques de brouillage radioélectrique à l'intention des autres utilisateurs, il faut choisir le type d'antenne et son gain de sorte que la puissance isotrope rayonnée équivalente (p.i.r.e.) ne dépasse pas l'intensité nécessaire à l'établissement d'une communication satisfaisante.
