

GPS TRACKING TO CAPTURE CRIMINALS AND RECOVER STOLEN ASSETS

Each **Phone Tracker** is a GPS-based tracking device that protects phones during a crime by helping law enforcement track and apprehend criminals, recover stolen phones and deter future crime.

These Instructions Apply to Phone Tracker Model 17

Instructions Online

UNPACKING & INSTALLATION

STEP 1

Remove Phone Tracker Box from Transport Plate. Tracker may make a beeping noise when removed from the Transport Plate. Don't be alarmed if you don't hear the beeps.

STEP 2

Place Tracker with like sellable inventory. Refer to your company's asset protection policy.

STEP 3

Return the old Tracker by placing any Phone Tracker(s) on yellow transport plate **FACE UP** in the shipping box with the pre-applied shipping label. Seal the box and please ship the day after installing your new devices.

If you need a replacement label, contact 3Si at 800.433.1173.

Inventory

IMPORTANT

If you need to move the Phone Tracker outside of the store, it is critical to call 3Si support in advance at 800.433.1173 and have the Tracker disarmed to avoid accidental police notification.

Do not open phone box. At no time should the two (2) tamper-proof seals located on the back of the box be removed.

Do not mark or write on boxes in any way.

DOs & DON'Ts

- **Do** include Phone Tracker with other store inventory taken during a crime.
- **Do** charge Phone Tracker quarterly using the inductive charging pad.
- **Don't** discuss your store's security practices outside of work.
- **Don't** remove the two (2) tamper-proof seals located on the back of the Phone Tracker.

CHARGING PHONE TRACKER 17

1. Locate the Phone Tracker and take to an area for charging.
2. An additional instruction card can be placed in the charging base so it is not lost.
3. Plug charging pad cable into a wall outlet.
4. Place Phone Tracker **FACE DOWN** on charging pad. Tracker will chirp three times and a **SOLID GREEN LIGHT** will appear on charging base to indicate that it is charging properly.
5. Charge Phone Tracker for at least two (2) hours, the charging light may remain on when fully charged.
6. After charging, place Phone Tracker back to where it was installed so it is in place if a crime occurs.

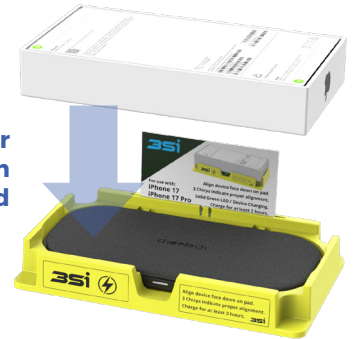

CHARGING TIP

DO NOT LEAVE THE TRACKER ON THE CHARGER OVERNIGHT because it will not be with other inventory and ready to track criminals if a crime occurs.
