STORY OF THE MONTH

ATM – Fort Worth, TX – November 1, 2025

A group of suspects executed a theft of a high-value ATM equipped with an [ATM Tracker](#), fleeing the scene with nearly \$100,000 in cash. The ATM Tracker activated, transmitting live tracking information. Using DirectToDispatch, local authorities were alerted to the ongoing crime in progress and responded with precision. Within hours, two suspects were arrested, and the full amount was recovered. The success of this operation showcases how 3Si technology can support law enforcement in fast-moving, high-stakes crimes.

Pharmacy – Halifax, NS – November 2, 2025

A group of suspects stole luxury items from a pharmacy, unaware that they had also taken a 3Si [ORC Tracker](#). Officers used tracking data and CCTV images to locate the suspect vehicle, which had a stolen license plate. Police arrested one suspect and recovered the merchandise after the tracker led them to a known location to the police. The product was surrendered under threat of a search warrant. Investigators credit the tracker with making arrests and recovering the stolen product.

Dollar Store – Chicago, IL – November 11, 2025

An armed robbery at a dollar store ended in multiple arrests after a 3Si [Cash Tracker](#) began transmitting location data. Responding officers, supported by the city's surveillance systems and aerial units, tracked the suspects in real-time as they fled by vehicle and then on foot. Four individuals were arrested, and a loaded firearm with a drum magazine was recovered. 3Si's technology was instrumental in resolving this dangerous incident safely and quickly.

**3 ARRESTS
AND
PARTIAL
RECOVERY**

Clothing Store – Las Vegas, NV – November 29, 2025

Three suspects stole merchandise from a clothing retailer, triggering three 3Si [ORC Trackers](#). As the signals were transmitted from different locations, law enforcement followed the data to locate the suspects. They were arrested, and a partial recovery of the stolen goods was made. This win was made possible due to 3Si's multi-device deployment across a single store, enabling the identification and apprehension of the group.
