FREE COURSE!
ORGANIZED RETAIL CRIME
Investigative Concepts and GPS Solutions

Training Hosted by Oregon Department of Justice

This training is designed for public and private sector professionals working Organized Retail Crime (ORC) investigations. The course will provide attendees with knowledge, skills, techniques, and options, combined with GPS solutions, to facilitate their investigations and maximize results. The multi-faceted instruction will entail considerations for using GPS technology to solve crimes, arrest and prosecute criminals, as well as locate and recover stolen property.

Instructors:

Jimmy Eberhart and Jeff Neiman have over sixty years of combined law enforcement experience. Jimmy retired as a sergeant after thirty years with the California Highway Patrol (CHP) of which he spent over twenty years working criminal investigations. At the time of his retirement, he was supervising the CHP ORC Taskforce in Los Angeles, CA. Jeff had a thirty-three-year career with the CHP and retired as a lieutenant. He spent fifteen years working criminal investigations and was assigned as logistical support and oversight for all the CHP ORC taskforces throughout California.

Topics Covered:

- Organized Retail Crime Defined, Epidemic, and Impact
