

ADJUSTABLE TELESCOPIC CEILING MOUNT

Rugged, impact-resistant mount designed to fit any commercial ceilings and strengthen site security and visibility.

The Wren by 3Si **Telescopic Ceiling Mount System** is a flexible, high-capacity solution that supports evolving security needs in retail and warehouse environments. With adjustable height ranges, a high load capacity, and an integrated auto-leveling swivel, this Telescopic Ceiling Mount System enables efficient and easy installation across low, standard, and high ceilings, including both open and suspended applications. Built as a complete system, it supports 3Si camera mounts, PVMs, and monitors, which reduces the need for additional components. Its earthquake-rated design adds confidence in demanding environments, while lightweight aluminum construction simplifies shipping, handling, and installation. Compatible with a wide range of 3Si accessories, Wren by 3Si delivers a clean, adaptable solution that scales with your security strategy.

The Wren by 3Si Telescopic Ceiling Mount System
