TELESCOPIC CEILING MOUNT SYSTEM

One Pole Mount That's a Complete Protection System for Every Ceiling

The Wren by 3Si
Telescopic Pole Mount
(CM-TCP1-512-W)

Retail environments aren't one-size-fits-all. Ceiling heights, structures and equipment needs can vary from one store to the next. **Wren by 3Si** gives you one telescopic pole system to build around, with mounting options to fit each installation.

1 START WITH THE POLE

Choose a **2–5 ft, 5–12 ft or 5–20 ft pole** in **white or black.** The self-leveling design and included **0.75" and 1.5"** male adapters support a range of camera and small-format public-view monitor installations, right out of the pallet-friendly box.

2 ADAPT THE CEILING CONNECTION

For suspended ceiling installations, add the **Drop Ceiling Support Plate.** It attaches the pole to the drop ceiling and tethers to the building structure for support.

3 CHOOSE THE MOUNT FOR YOUR EQUIPMENT

Select the connection and device mount that match each location's ceiling and equipment:

1/4-20 Camera Mount

(TSP1-BCM-B)

For devices with a 1/4-20 thread. Its ball joint helps position the device, and a locking mechanism holds the chosen angle.

1.5" NPS Female Adapter

(TSP1-ADP-F15-B)

Connects compatible male-threaded products to the pole.

Small Monitor Mount

(MM-TSP1-B)

For 10" monitors, with 75 x 75 mm or 100 x 100 mm VESA patterns.

Large Monitor Mount

(MM-TSP1-LG-B)

Supports compatible monitors up to 25 lb, with four VESA patterns and a load-assist design.

Back-to-Back Monitor Mount

(MM-TSP1-BB10-W)

Holds two 10" public-view monitors in a back-to-back orientation (mounts up to 75mm x 75mm VESA).*

4 CONFIGURE FOR EACH LOCATION

Use the same pole system across the store, then select the ceiling support and equipment mount that suit each installation. Configure each setup for its ceiling and equipment, without starting your mounting plan from scratch each time.

Need a Display, Too? Wren by 3Si PVMs are available to pair with your Wren mounting configuration. Use a compatible PVM, or choose the equipment that best fits your installation.

**Accessories and configurations are selected to match the installation. Confirm device, thread and VESA compatibility before ordering.*

ABOUT 3Si

- 60 years of experience and specialized knowledge in the Security field
- 24/7/365 US-based support
- Long-term relationships with the industry, built on trust and satisfaction
- Partnered with over 10,400 law enforcement agencies
- Over 21,000 criminals apprehended and $154M in assets recovered
