

3SI Security Systems
Innovation That Protects

Cash Tracker™ - Transit

Protecting Cash When Transporting Between Locations

Cash Tracker - Transit combines three location-based technologies (GPS/Cellular/RF) and Mobile Ping in a single tracking device designed to protect your cash when moving between locations or when dropping off bank deposits.

Your Partner In Cash And Asset Protection

Over 45 years of experience and specialized knowledge in the Security field

24/7 US-based support

Long-term relationships with the industry, built on trust and satisfaction

Partnered with over 7,000 Law Enforcement agencies

Over 10K criminals apprehended and \$100M in assets recovered

Only company offering both GPS Tracking AND Cash Protection Solutions

If a Theft Occurs... Cash Tracker - Transit's built-in remote real time mobile ping trigger is used to activate the tracker in response to the crime.

Features

- Real time mobile ping trigger
- GPS location accurate within feet
- RF pinpoints final device location
- Stores location data if cellular signal is lost during tracking
- Tracking data stored for evidence
- Text and email alerts
- Rechargeable battery
- Secure website for live tracking

Advantages

- Perfect for moving cash between locations or dropping off bank deposits
- Automatically tracks after activation
- Reliable performance in Urban Canyon areas
- Easy to use and maintain

3SI Security Systems offers proven GPS tracking solutions that combine aided GPS, Cellular and Radio Frequency (RF) location technologies with a secure tracking website. Available in a variety of designs to track all types of valuable assets, our system has led to the recovery of millions in stolen cash and assets.

Our cash protection solutions use ink, dye and smoke to help stop crime and catch criminals.
