Innovation That Protects

Tray Tracker™

Powerful GPS Tracking To Capture Criminals and Recover Stolen Assets

Tray Tracker is a flexible solution designed to help retailers address specific crimes/crime patterns in their stores. In the event of a robbery or burglary, Law Enforcement can track and capture the criminals, recover the stolen products and deter future crime.

Your Partner In Cash And Asset Protection

• • • • •

Over 45 years of experience and specialized knowledge in the Security field

24/7 US-based support

Long-term relationships with the industry, built on trust and satisfaction

Partnered with over 7,000 Law Enforcement agencies

Over 10K criminals apprehended and \$100M in assets recovered

Only company offering both GPS Tracking AND Cash Protection Solutions

If a Theft Occurs... Tray Tracker automatically triggers a silent theft alert upon motion. The GPS tracking information is accessed by local Law Enforcement allowing safe pursuit and apprehension.

Features

- Covert design
- Motion trigger
- Fully automatic and silent
- Tracking location updates every 6 seconds
- Daily battery self-checks with cellular connection
- Bi-monthly health report with cellular connection
- GPS location accurate within feet

Advantages

- Automatically tracks after activation
- Quick and accurate location data
- Multiple technologies pinpoint device location
- Reliable performance in Urban Canyon areas
- Do It Yourself friendly for install and charging
- No cost law enforcement training and support
- Collects data about product handling to help with staff training
- Easy to use and maintain

3SI Security Systems offers proven GPS tracking solutions that combine aided GPS, Cellular and Radio Frequency (RF) location technologies with a secure tracking website. Available in a variety of designs to track all types of valuable assets, our system has led to the recovery of millions in stolen cash and assets.

Our cash protection solutions use ink, dye and smoke to help stop crime and catch criminals.

Flexible Protection

Tray Tracker can be used to protect products by placing them on the tray and securing with shrink wrap or similar non-foil wrap. The wrapping can be performed by the customer or by 3SI (for an additional fee).

Options

Custom packaging (shrink wrap) and assembly by 3SI for an additional fee.
