

## Jewelry Tracker™

### Protects and tracks jewelry for recovery

Jewelry Tracker protects jewelry in the event of a robbery or burglary by helping law enforcement track and capture the criminals, recover stolen jewelry and deter future crime. Jewelers utilize this proven solution to protect rings, chains, watches and other high-end jewelry at their stores.

#### When the Crime Occurs

Jewelry Tracker automatically triggers a silent theft alert. The GPS tracking information is accessed by local law enforcement allowing safe pursuit and apprehension.

#### Features

- Covert design blends within retail environment
- Triggers automatically and silently reports to 3SI tracking website
- Location updates to secure website every 6 seconds via GPS, Cellular or WiFi (GNSS for 4XG vessels)
- Reliable performance ensured via daily battery check and semi-monthly health report with cellular connection
- Text and email notifications of activations and Device status
- Stores location data if cellular signal is lost during tracking
- RF to pinpoint final Device location
- DIY-friendly for installation
- Simple inductive charging
