

Tobacco Tracker™

Protects and tracks targeted tobacco products for recovery

Tobacco Tracker combines multiple location-based technologies in a single tracking device designed to covertly protect tobacco. The highly reliable device will help secure your valuable tobacco assets.

When the Crime Occurs

Tobacco Tracker automatically triggers a silent crime alert upon motion. The GPS tracking information is automatically accessed by local law enforcement, allowing safe pursuit and apprehension.

Features

- Protects store inventory where it is stored
- Multiple packaging options
- Triggers automatically with motion and silently reports to 3SI tracking website
- Location updates from GPS, Cellular or WiFi,* sent to secure website every 6 seconds
- Reliable performance ensured via daily battery check and semi-monthly health report with cellular connection
- Text and email notifications of activations and device status
- Stores location data if cellular signal is lost during tracking
- RF to pinpoint final device location
- DIY-friendly for installation and inductive charging
