

Tobacco Tracker™

Protects and tracks cigarettes for recovery

Tobacco Tracker combines three location-based technologies, GPS/Cellular/RF, in a single tracking device designed to covertly protect packs or cartons of cigarettes. The highly reliable device will help secure your valuable tobacco assets.

When the Crime Occurs

Tobacco Tracker automatically triggers a silent theft alert upon motion. The GPS tracking information is automatically accessed by local law enforcement allowing safe pursuit and apprehension.

Features

- Protects cigarettes where they are stored
- Multiple packaging options
- Can protect single packs or cartons
- Triggers automatically with motion and silently reports to 3SI tracking website
- Location updates to secure website every 6 seconds via GPS, Cellular or WiFi
- Reliable performance ensured via daily battery check and semi-monthly health report with cellular connection
- Text and email notifications of activations and device status
- Stores location data if cellular signal is lost during tracking
- RF to pinpoint final device location
- DIY-friendly for installation and inductive charging
